**class (IPC 1-7):**

**Abstract:**

**SOURCE:** JP11215121A2 PROBLEM TO BE SOLVED: To perform composite authentication by using the combination of different kinds of issued tickets. **SOLUTION:** The ticket holding section 202 of a certifying device 20 holds a ticket indicating the specific right of a user while a composite ticket holding section 206 holds a composite ticket for certifying that the user holds a plurality of other effective tickets. A certifying data generating section 203 certifies the presence of a compositely designated right by generating certifying data through executing a prescribed operation by the use of a prescribed access ticket, a composite ticket, and inherent information of the certifying device to authentication information sent from a verifying device 10.
